QUALITY IS OUR TOP PRIORITY

- Our claim to quality is proven by our certification to ISO 9001 standard
- We strive to provide the highest quality products possible by bringing new products to our customers, continuously reviewing procedures, learning about new materials, and staying invested in our industry.
- We have policies and procedures in place to handle your projects and ensure consistent quality and consistency for each order.

PRODUCTS AND SKILL SET

- We cover all production in highly customisable plants
- Several production lines for finishing household cleaning items such as brushes, brooms, sponge clothes, floor cloths, multipurpose wipes, kitchen sponges, car wash sponges, and bath sponges.
- New automatic lines we introduced recently will enable our plant to reach higher capacities in manufacturing high-volume SKUs such as sponge cloths, mop refills, teflon scourers, and inox balls.

RESPONSIBLE PARTNER FOR PL

Full technical and logistic support provided:

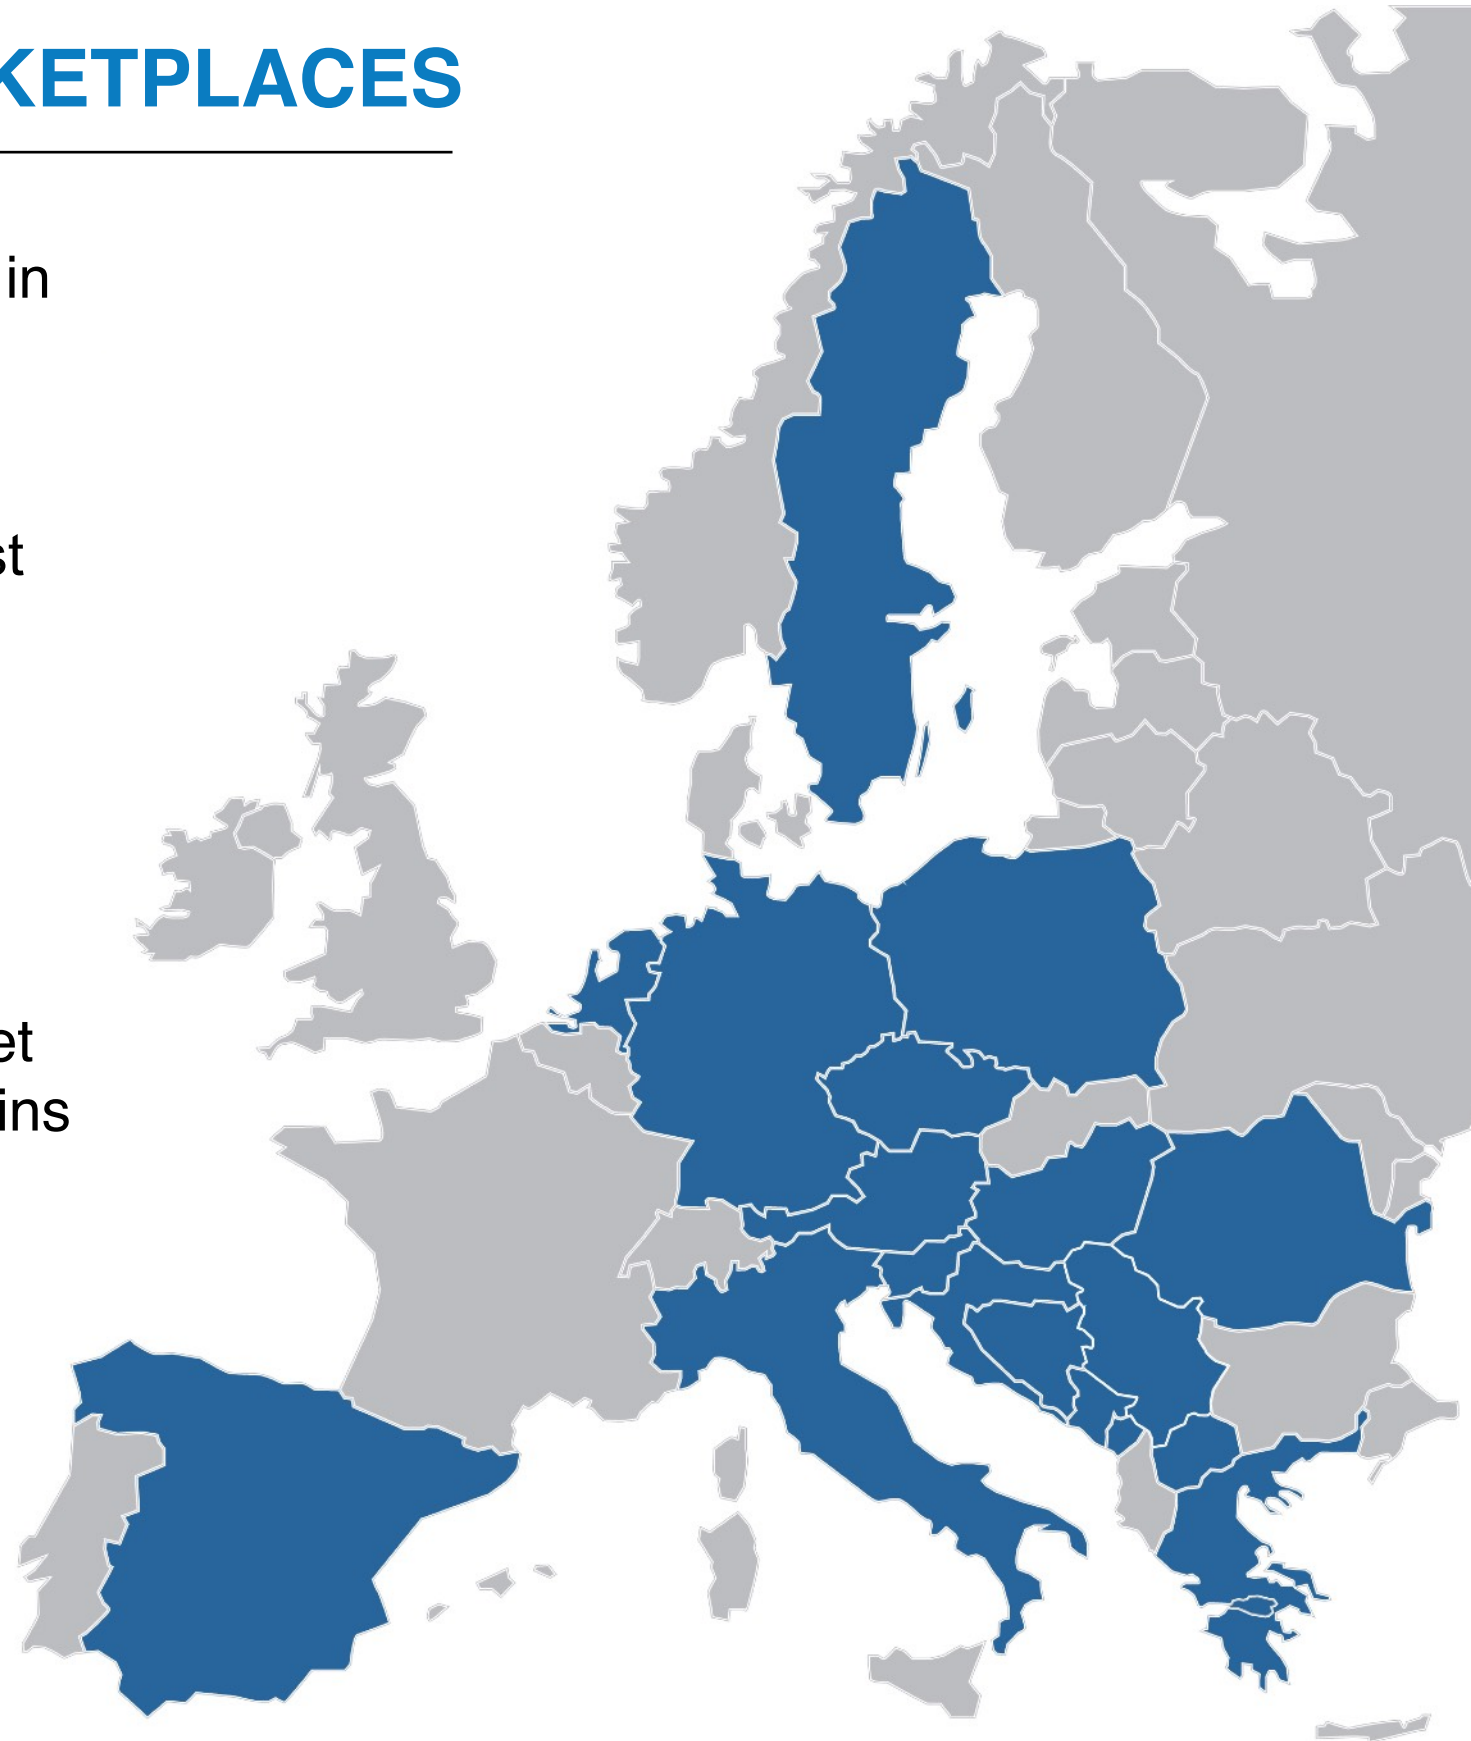

- development of molds for sponges and plastic items production
- logistic data for optimal transport packaging and pallet loadings
- commercial packaging artwork solutions
- transport arrangement if needed

We specialised in providing custom programs. High level of flexibility enables us to offer each product in various models, colors, customised units, and transport packaging. Whether it be a custom die-cut shape, foam or scrubber surface, we will work with you to make sure your program outshines the competition.

OUR PARTNERS AND MARKETPLACES

- Our cleaning items are top performers in multiple marketplaces: consumer, commercial and professional.
- We cooperate with our partners in most EU countries.
- We also developed new valuable partnership in Middle East and African countries
- We work with wholesalers, hypermarket chains and retail stores, drugstore chains and DIY stores.
